Select the drying heat level for different fabrics.

Upside Down Operation

For better reach of the control panel when placed on the floor or wall-mounted.

Auto Programs

Choose from Synthetic, Cotton, Mix and 1 Hour auto dry programs.

Lint Filter

Removable lint filter for easy cleaning.

Quick Set Up

The pictorial quick start guide below only contains basic information. For detailed operating instructions, please read the corresponding content in the instruction manual, which also includes comprehensive installation and usage instructions, and important safety advice.

Step 1

Place items into the dryer one at a time, sorted into similar colours and fabrics, with small or delicate items placed into a mesh bag.

Step 2

Close the door and press the On / Off button.

Cotton: Use this program for your cotton towels, sheets, pillowcases, quilt covers, etc.

Mix: This program is suitable for a mixed load containing items made from cotton and other materials.

Synthetic: Use this program for synthetic clothing.

1 Hour: This one-hour program is suitable for a smaller load of cotton items.

Step 3

Set an appropriate program and dryness level. Press the Start button to start the program.

Step 4

A buzzer will alert you that the program has finished, open the door and unload the dryer. Press the On / Off button and unplug the dryer from the power supply.

NOTE: Please ensure you clean the filter after every use.
